

Merry Christmas!

Terri McFarland Ministries 2016 Update

It's About Jesus

Close to His heart

I longed for Jesus this year more than ever. Probably because of unexpected trials, difficult ministry challenges and a ride on an emotional roller coaster I didn't want or anticipate.

Honestly, I'm not sure the mess my life would be without Jesus. My ability to trust continues to be stretched. **And I am grateful daily for His steadfast love, grace and forgiveness.** How an infinite God lovingly chose to sacrifice Himself for a fallen world to do relationship...*is astounding!*

At Christmas time, it's possible to give without loving, however, there is no way to *love* without giving. His gift of Love produces peace, ...**and Jesus is drawing me in.**

The Joy of Music

In Concert Again

If only an annual event, I will take it every time! Pianist **Ken Wadley** and **Casey Bandy** came north this fall to join me in a benefit concert for **Nourished Hearts**.

The weekend was a blast and culminated a year of precious speaking and singing engagements.

We appreciate the opportunities ahead and are humbled by those of you who financially enable us to serve other ministries. **Pray for wisdom, health and open doors as we schedule 2017.**

Congratulations!

A New Journey Begins

Spring brought the excitement of graduation for **Graham, Olivia & Austin**. This fall, they began their college pursuits and the joy of independence! Our hearts smile at the young adults they are becoming...even if the house is noticeably quieter. :-)

Their cousin **Alexa Parker** finished college in May, and is blessed with a great job nearby.

Your Faithful Support

Ministry Opportunities

Teaching at our **Women's Bible study** ignites my spirit; I treasure my involvement with **Under The Fig Tree Ministries**; excitement is in the air as we plan our first **FCA** basketball camp in NWI this July; and I am humbled to serve on our **worship team**.

Your financial backing makes it all possible, and enables us to gift our speaking and music ministry.

Happy New Year

2017

We Welcome 2017!

Happy New Year

I was in New York City with Keith this December. And in the middle of the massive marquis movie screens my spirit was noticeably heavy for the many who live in darkness. As we approach the **New Year**, may we reflect our true light...*Jesus!*

I AM the light of the World

John 8:12
